

Technical Data Sheet

Industrial Safety Pant Shirt

Doc. No.

Modal No. - VIN/CPS/2S+2V

The ****Men's Industrial Cotton Safety Pant Shirt****

is a durable and high-visibility work wear set designed for safety and comfort in industrial environments.

Made from a cotton fabric, it offers a sturdy, breathable, and soft material that is ideal for extended wear in various working conditions.

The coveralls feature a ****Two-inch reflective tape**** strategically placed across the body and limbs to enhance visibility, ensuring the wearer is easily seen in low-light or hazardous environments.

Key Features:-

****Material:**** 240 GSM cotton, providing a balance of durability and comfort.

****Reflective Tape:**** Two-inch reflective tape for high visibility in both day and night conditions, especially useful in low-light or high-risk areas.

****Design:**** The coveralls typically consist of a shirt and pant combination, offering full-body coverage for protection.

****Pockets:**** Functional pockets for storing small tools or essentials.

****Fit:**** Designed for a practical, comfortable fit, often with adjustable closures.

****Applications:**** Ideal for industrial workers, construction sites, warehouse environments, and any setting where high visibility and durability are essential.

This safety coverall set is perfect for individuals who require both protection and visibility while working in challenging or potentially dangerous environments.

****Size:**** S, M, L, XL, XXL, XXXL, customizable.

****Colour:**** : Various colours and patterns available.

(Orange, Blue, Bi colour, As per customer requirements.
